The State of New Hampshire.

To the inhabitants of the town of Gorham, in the County of Coos, in said State, qualified to vote in town affairs:

You are hereby notified to meet at the Opera-house hall, in said town, on Tuesday, the 12th day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary town officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation of the same.
3. To see what sum of money the town will vote and appropriate for the public library.
4. To see if the town will vote to authorize the selectmen to appoint a night watchman, and appropriate money for same.
5. To see what action the town will take in regard to purchasing the lot, and accepting new hose house, and appropriating money for same.
6. To see what action the town will take in regard to purchasing a new road machine and appropriating money for same.
7. To see what action the town will take in regard to appropriating money to sprinkle streets.
8. To see if the town will vote to allow the selectmen to distribute inventory blanks when taking inventory of town.
9. To hear the reports of town officers, agents and committees heretofore chosen and pass any vote relating thereto.
10. To transact any other business that may legally come before the meeting.

Given under our hands and seal this twenty-third day of February, in the year of our Lord nineteen hundred and seven.

W. B. GATES,
S. C. FOSTER,
GEO. E. NOYES,
Selectmen of Gorham.

A true copy of warrant—attest:

W. B. GATES,
S. C. FOSTER,
GEO. E. NOYES,
Selectmen of Gorham.

CHAS. E. O'HARA, Road Agent.

Gorham, N. H., February 15, 1907.

Final Report of Water Committee.

To the Inhabitants and Voters of the Town of Gorham:

In this report the committee do not think it necessary to include that which was in their report of last year, that being a detailed report; to include it would only be a repetition of that contained therein.

As will be seen by an inspection of the following, the total cost of the water works system, under the supervision of the construction committee, is \$53,156.22.

Expenditures by the Committee.

Total payments by the committee, as reported last year, February 15, 1906..... \$53,338 40

EXPENDITURES SINCE LAST REPORT.

1906

Mch. 8, Rosella and John Dickson, land damage and water rights, as per deed.....	\$125 00
31, Chandler & Ward, balance on reservoir contract.....	199 79
April 26, Grand Trunk Railway, for Alpine street sewer.....	1 00
May 18, William Jewell, Team to Dickson's.....	1 00
July 23, John G. Dickson, to clean up ditch through field.....	3 50
Oct. 24, J. M. and C. J. Heath, land damage and water rights.....	200 00
Dec. 15, T. H. McHugh, fencing reservoir	82 30

1907

Feb. 18, A. R. Evans, expense procuring deeds.....	5 23
19, Moore & Co., balance on contract	400 00

\$1,017 82

Total payments..... \$54,356 22

Receipts.

S. M. Leavitt, treasurer, last year's report	\$53,546 17
H. Harrisburg, for cast iron scrap	44 05

Boston & Maine Railroad, for wrench sockets, lost in transit	\$6 00	
S. M. Leavitt, treasurer, this year.....	760 00	
Total receipts		\$54,356 22

There were three payments, included in the above expenditures, to the board of water commissioners, for their use in installing services and incidental expenses, that did not enter into the laying of the water mains that were under the committee's supervision, as follows, to be deducted from total receipts:

1905		
Oct. 4, Check No. 31 for.....	\$500 00	
Nov. 4, Check No. 45 for.....	500 00	
1906		
Feb. 14, Check No. 68.....	200 00	
		\$1,200 00
Making the main line system cost a total of		\$53,156 22

Respectfully submitted.

A. N. TWITCHELL,
ALFRED R. EVANS,
A. W. WHEELER,
C. G. HAMLIN,
W. C. LIBBY,

Water Works Committee.

Gorham, N. H., February 20, 1907.

This is to certify that we have this day examined the accounts of the water committee, and find them correct.

C. B. NORTON,
E. H. CADY,

Auditors.

Gorham, N. H., February 21, 1907.

Water and Sewer Commission.

Receipts.

Respectfully submitted.

THOMAS H. McHUGH, Treasurer.

Gorham, N. H., February 15, 1907.

This is to certify that we have this day examined the accounts of T. H. McHugh, treasurer of the Gorham water works and sewer commission, and find them correct.

C. B. NORTON,

E. H. CADY,

Auditors.

Gorham, N. H., February 18, 1907.

PHYLANDER HALL,
H. J. WESTON,

A. I. LAWRENCE,

J. T. CULHANE,
THOMAS WIGHT.

The State of New Hampshire.

To the inhabitants of the school district of the town of Gorham qualified to vote in district affairs:

You are hereby notified to meet at the high school room, in the schoolhouse, in Gorham village, in said district, on the twelfth day of March, 1907, at 2 o'clock in the afternoon, to act upon the following subjects, namely:

1. To choose a moderator for the ensuing year.
2. To choose a clerk for the ensuing year.
3. To choose a treasurer for the ensuing year.
4. To choose a member of the school board for the ensuing three years.
5. To see what sum of money the district will vote to pay on the indebtedness of said district.
6. To see if the district will vote to instruct the school board to take up old notes and substitute new ones for same.
7. To hear the reports of agents, auditors, committees or officers heretofore chosen, and to pass any vote relating thereto.
8. To choose agents, auditors and committees in relation to any subject embraced in this warrant.
9. To transact any other business that may legally come before said meeting.

Given under our hands, at said Gorham, this twenty-third day of February, A. D. 1907.

J. T. CULHANE,
H. J. WESTON,
THOMAS WIGHT,
School Board.

---	---------

Respectfully submitted.

J. T. CULHANE,
H. J. WESTON,
THOMAS WIGHT,

School Board.

Gorham, N. H., March 8, 1907.

We have carefully examined the accounts of the School Board,
and find the same are correctly cast and well vouched.

G. G. HAMLIN,
P. G. EVANS,

Auditors.

Gorham, N. H., March 8, 1907.

Remarks.

The school board, owing to a deficiency of money to meet the expenses of schools the past year, wish to call your attention to the fact that they did not have as much money the past year, into a total of \$1,078.69, with which to maintain the schools. The town voted \$500 more, but the district voted nothing, where the previous year it voted \$1,000. The school fund from the state was not as much into \$807.76, and the total expenditures for schools were not as much this year into \$40.60 as last year. We have been obliged to open and maintain four extra schools the greater part of the past year at an additional expense. The board wish to call your attention to these facts, as otherwise the report might be misleading.

J. T. CULHANE,
H. J. WESTON,
THOMAS WIGHT,

School Board.

Annual Statistical Report.

For the School Year Ending July 15, 1906.

There are ten schools maintained in town below the high school, seven graded and three ungraded.

The aggregate number of weeks in all the schools below the high school for the year is 336 weeks. The average length of all the schools for the year is 36.6 weeks.

The greatest number of weeks in any school has been 35, and the least number 30.

Physiology and hygiene are taught with text books in nine schools and orally in all the schools.

We have an approved public high school, its school year consisting of 35 weeks, with a course of four years. Has a man principal at an annual salary of \$900.00, and two assistants at a salary of \$10.00 per week. Number of male students, 16, and female students, 27. 17 study Latin, 3 study Greek, 14 modern languages, 10 chemistry and 6 physics. We have a modern chemical laboratory, also a modern laboratory for the studying of physics, and fit for college.

There were 475 different pupils registered during the year, 218 boys, 257 girls.

Average attendance in high school, 38.9.

Average attendance in all other schools together, 298.79.

Average absence in high school, 1.4.

Average absence in all other schools together, 21.

Average membership in high school, 36.4.

Average membership in all other schools together, 335.19.

Percentage of attendance in all schools, 89.9.

Number of pupils not absent nor tardy during the year, 113.

The greatest number of scholars in any school, 51.

The least number, 26.

There are ten different schools taught by women at an average salary of \$30 per month.

Amount expended for free text books, \$687.25.

Amount expended for scholars' supplies, \$52.47.

Average expense for the average membership, \$17.50 per year for each pupil.

Average amount expended for text books and supplies, 65 cents per pupil.

The school board has made during the year 133 official visits to all the schools.

Parents and friends have made 302 visits.

Remarks of Principal.

Owing to the grading of the schools and the changing of the high school course, the work for the past year has been unusually hard for teachers and students. Our high school course is the course approved by State Superintendent H. C. Morrison. It is hard, but good. Our high school now fits for any New England college. Within another year we are in hopes to be among the approved schools from which scholars are admitted to college without examinations, if they hold a certificate from the school.

Although our high school students find it hard to do the required work, and many of them are obliged to take five years to complete the course, they will be well fitted for college and better fitted for life for having worked hard. The scholars coming into the high school from the grades in two or three years should not find the course so very hard, as the course laid down for the grades should thoroughly fit for the high school. Parents ought not to be too anxious for their children to be promoted in the grades. If a scholar is beyond where he can understand the work, he loses his interest in his studies and his school. We have quite a number of scholars in the grades, and a few in the high, who would be interested in their work and school were they advanced enough to understand what they read and what is told them. Many more scholars are discouraged and leave school because they are advanced too rapidly than there are because they are kept back. Many of our high school students are finding the work extremely hard because they came in poorly prepared, and the most of them are now willing to admit it. My plea to you, parents, is, do not push your scholars too fast in the grades, but keep them in school every possible moment their health will permit.

It will be seen by looking over the courses of the high school that it is impossible for the majority of students to do the work during school hours. We urge upon parents the necessity of giving their children time and place to study at home, where they will be quiet. We also urge you to visit our recitations at least once a term. Your boys and girls would do better work and have a greater interest if they thought you were likely to visit them. What if it is not interesting to you? Can not you sacrifice an hour or two each term to help and encourage your boy or girl and your teachers?

We wish to thank the parents for the help and sympathy they have given us. We have felt that almost without exception you have been with us. No one realizes more than the teacher that much of his success or failure depends upon the attitude of the parents. We only desire to satisfy you and help your boys and girls. May we be united in our efforts.

W. H. S. ELLINGWOOD, Principal.

Outline of Study.

First Year.

ENGLISH I.—Composition and Rhetoric (Lockwood and Emerson), Part I. Themes each week. For reading and study: The Sketch Book, Ivanhoe, Vision of Sir Launfal, House of Seven Gables, The Rime of the Ancient Mariner, As You Like It.

LATIN I.—First Year Latin (Collar and Daniel) complete.

ANCIENT HISTORY.—West's Ancient World. Greece and Rome to 800 A. D. Abundant collateral reading and rigorous insistence on historical geography.

ALGEBRA.—The first few weeks of the fall term are given to a review of Arithmetic, if necessary. The rest of the year is devoted to Algebra, taking as far as Quadratics, and teaching at least two ways of completing the square under Quadratics.

BIOLOGY.—The first half of the year is devoted to the study of Zoology. This includes a study of a manual, and laboratory and field work upon structure, life and growth of typical animal form. A note book is kept. The second half of the year is devoted to the study of a manual, and laboratory work upon problems of plant life and growth—seeds are planted and growth and development observed and recorded. A collection of an herbarium is required of each student.

GENERAL EXERCISES.—Work in Grammar, Arithmetic and whatever may seem to be needed most is included under this head. All the students are to take part. These exercises are to occur once or more times a week as the principal sees fit.

Second Year.

ENGLISH II.—Composition and Rhetoric (Lockwood and Emerson), Part II. Themes each week. For reading and study: Silas Marner, The Princess, Idylls of the King, Franklin's Autobiography, Merchant of Venice, Tale of Two Cities.

LATIN II.—Cæsar (Allen and Greenough), four books. Prose Composition (Moulton and Collar). Sight.

GREEK I.—Beginner's Greek (White) complete. Anabasis begun.

FRENCH I.—Grammar (Chardenal) to irregular verbs. 125 to 200 pages of easy prose; Aldrich and Foster's reader; Sans Famille.

GERMAN I.—Grammar (Harris), 70 to 100 pages text from reader.

ENGLISH HISTORY.—England from Roman evacuation to date, with excursions into European history at points of bearing on that of England. Abundant collateral reading and rigorous insistence on Historical Geography.

GEOMETRY.—Five books of Plane Geometry, including from 250 to 450 Originals.

BOOK-KEEPING.—Book-keeping is given to those who have taken the course in the ninth grade and are desirous to know more.

COMMERCIAL ARITHMETIC.—This includes a thorough review of Arithmetic with special emphasis to business forms. The text book used is Williams and Rogers.

Third Year.

ENGLISH III.—Composition and Rhetoric (Lockwood and Emerson), Part III. Themes each week or compositions each month. For reading and study: De Coverly Papers, Life of Johnson, Life of Goldsmith, Vicar of Wakefield, Julius Cæsar, Macbeth. Outside reading.

GREEK II.—Anabasis (Goodwin and White), four books. Prose Composition (Collar and Daniel), 50 lessons. Sight reading.

GERMAN II.—Grammar continued. 150 to 200 pages of easy literature.

LATIN III.—Cicero (Allen and Greenough), six orations, including Poet Archias and the Manilian Law. Prose composition (Moulton and Collar). Sight. Ovid.

FRENCH II.—Grammar (Chardenal) completed. Compositions from texts read. Theme writing. 300 to 500 pages of prose. L'Abbe Constantin, Colomba, La Tulipe Noire.

PHYSICS.—Study of approved manuals, recitations, lectures, laboratory work, etc.; experiments are worked out individually with notebook records.

MATHEMATICS.—Reviewed. This includes a review of Arithmetic, Algebra and Geometry. The time given to each study depends upon the needs of the class.

Fourth Year.

ENGLISH IV.—Composition and Rhetoric (Lockwood and Emerson), Part IV. Themes each week and compositions each term. For reading and study: Burke's Conciliation Speech, Milton's Minor Poems, Essay on Burns, Rape of the Lock, Essay on Milton, Henry V. Outside reading.

LATIN IV.—Virgil (Greenough and Kittredge), six books. Composition (Moulton and Collar), finish 1,500 lines of Ovid.

GREEK III.—Iliad (Seymour), six books. Composition (Collar and Daniel). Sight reading.

GERMAN III.—Grammar continued, 400 to 450 pages of moderately difficult prose and poetry.

FRENCH III.—Review Grammar. Composition from texts, theme writing continued. 500 to 700 pages prose. Jeanne d'Arc, Athalie, L'Avare, Le Bourgeois Gentilhomme, Le Siege de Paris.

MATHEMATICS.—Reviewed. Same as in the third year, the two classes united.

CHEMISTRY.—Recitations, lectures and laboratory work, including experiments by individual student with notebook records.

Notes.

Visitors are always welcome.

Parents and friends are urged to visit the schools and become familiar with the work the children are doing. Do not forget the children in the high school. Many parents follow the work of their children until they get into the high school and then apparently forget them. We want your help by your presence.

By the fire drill the entire building may be cleared in less than two minutes.

A number of pieces of physical apparatus have been added to the laboratory equipment of the school, so that we are now fitted to give a good course in the natural sciences.

Our basket ball team has been very successful, winning four games out of 6. We believe in school athletics, if not carried to an excess. No student was allowed to play in an advertised game who was not doing passing work in his studies.

Regulations.

1. There are two sessions for all schools: From 9 to 12 and from 1.10 to 4 for the grades, and from 9 to 12 and from 1.10 to 3.30 for students of the high school who have received a rank of not less than 80 per cent in any study during the day, except Wednesdays, when school closes at 3 o'clock. This practice was introduced during the winter term and thus far has proven very satisfactory. Many of our students do better work and the teachers have a better opportunity to help those who need assistance. Some of our students do not leave the building until 5 o'clock, but none are allowed to stay after their work is completed. A recess of 10 minutes is given at 10.30 and 2.30.

2. The doors are open fifteen minutes before each session. Parents should not send their children earlier. Students are not allowed to loiter on the grounds.

3. Students upon entering the building must go directly to their own rooms and seats or into the basement. There is to be no loitering in the hallways or entry.

4. Children under the age of eight who are not students nor accompanied by their parents will not be allowed to visit school.

5. No playing or disorderly conduct will be allowed in the building and no loud nor boisterous noise in the basement.

6. Teachers are to be in the building at 8.30 a. m. and remain till 4.30 p. m. and to be in their respective rooms fifteen minutes before each session and to remain there until the close of that session.

7. Pupils are not allowed in any school room except the one in which they attend without permission from a teacher.

8. Any pupil who shall cut, mark, deface or in any way injure any part of the school building or property shall be held accountable therefor in accordance with the school laws of the state. The janitor is required to report to the principal any violation of this rule.

9. Any pupil who shall be absent from school at one time or at different times during the same term two days, not certified to the teacher by the parent or guardian, either in person or by note, as necessary and unavoidable, shall thereby be liable to lose his connection with the school, and may not be readmitted except by a permit from the school board and principal.

10. All students above the second grade who are absent or tardy must report to the principal after the close of school.

11. All students reported for discipline must remain until after 4 o'clock.

12. All students who are tardy must remain until after 4 o'clock.

13. Any pupil who has fallen behind his class by absence or irregular attendance, or by indolence and inattention, shall be transferred to a lower grade or class, at the discretion of the teacher, on consultation with the principal and school board.

14. Any pupil who shall absent himself from any examination of the class to which he belongs without permission of the teacher, or who fails to render a sufficient excuse for his absence, shall be transferred to a lower class or grade, on consultation with the principal and school board.

15. Any pupil who may be wronged by another pupil may report the fact to his teacher or the principal, but no pupil in any case shall attempt to avenge his own wrong.

16. Pupils shall walk quietly up and down stairs and through the hall. Pupils shall not walk in the hallways locked in arms nor hold of hands.

17. Any pupil losing or materially injuring any book belonging to the town shall replace it at once.

18. The use of tobacco in any form on the school premises by any employe or person connected with the schools is forbidden under penalty of dismissal.

19. The janitor shall have charge of the basement, under the direction of the principal. He will report to the principal all violations of rules and any misdemeanor or disobedience.

20. **TRUANCY.** Every person having the custody and control of a child between the ages of eight and fourteen years, or of a child under the age of sixteen years, who cannot read at sight and write legibly simple sentences in the English language, residing in a school district in which a public school is annually taught, shall cause such child to attend the public school all the time such school is in session, unless the child shall be excused by the school board of the district because his physical or mental condition is such as to prevent his attendance at school for the period required, or because he was instructed in the English language in a private school approved by the school board for a number of weeks equal to that in which the public school was in session in the common English branches, or, having acquired those branches, in other more advanced studies. Any person who does not comply with the requirements of this section shall be fined ten dollars for the first offense and twenty dollars for every subsequent offense, for the use of the district.

21. Discipline in the high school is enforced by means of a demerit system. For any misdemeanor committed by a student a number of demerits are given, graded as to number according to the character of the offense. The student is told each time how many he receives and what they are given for. When a student has 15 demerits, it calls for a letter to his parents or guardian; 25 demerits, the student is called before the school board and his parent notified; when 35 demerits are received the student will be compelled to sever his relation to the school.

22. Recitations are ranked on a scale of 100. The minimum entitling a student to pass in any study is 75. An average of not less than 95 in all studies and deportment entitles a student to honors of the first grade; an average of not less than 90, to honors of the second grade; an average of not less than 85, to honors of the third grade; but no student will receive any honorable mention whose conduct or influence in the school is questionable. A record of three terms is required for mention in the annual report.

23. These regulations may be added to or altered any time by the principal and school board.

Honors for 1905-6.

FIRST HONORS.—No student quite reached an average of 95 for the entire year. Miss Jean Welsh and Miss May Audley received the highest ranks.

SECOND HONORS.—Jean Welsh, May Audley, Myra Osgood, Julia Michaud, Ethel Hobbs, Wava Richardson, Harold Cady and Carl Morgan.

THIRD HONORS.—Bessie Green, Elma Labonta, Velma Brown, Ivy Heath, Mary O'Malley, Helen Hamlin, Ruth Ingalls, Annie McDonald, Mary Michaud, Helena O'Malley, Gerald Kimball, Marshall Wheeler, Maurice Burns and Charles Sullivan,
